

## Aspen Open House - April 12, 2014

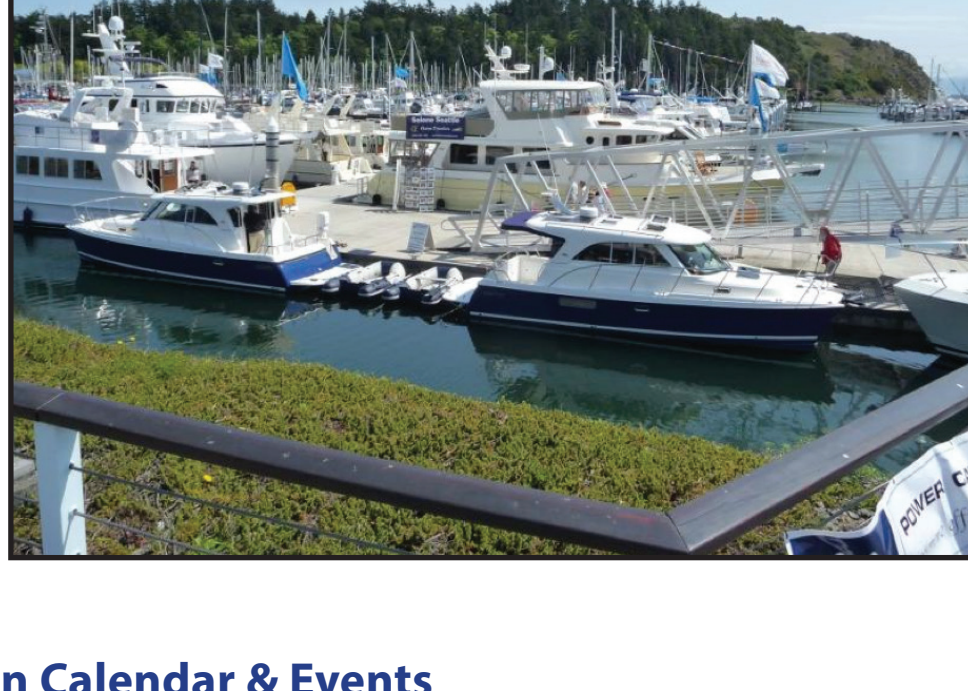

Please join us on Saturday April 12th, we are excited to host our first open house. We will have our docks and factory open to everyone shopping for a new boat. Please RSVP for touring our new state of the art facility and boat rides will be scheduled on the top of every hour at the marina. We plan to have 3 C90 Cruisers and a C100 Escape on our dock in Anacortes.

If you haven't been to our new store yet, it's in downtown Anacortes inside Cape Sante Marina. The office will be open, serving warm refreshments and snacks through out the day. Please don't be discouraged if the weather is windy, as our vessels shine in rough water. The windier the better!

Nordic Yachts Northwest  
1019 Q Ave Suite B  
Anacortes, WA 98221

Please RSVP: Sara@aspenpowercatamarans.com  
Include: "Open House" Name, Phone Number and the number of people in your party.

We will contact you and tentatively schedule a time for your demo.

## Aspen C111 Tooling Update

Tooling is progressing, on schedule and on budget. The hull plug is completely faired at this point and we have begun the final sanding to bring all the surfaces to a mirror like surface. This means lots of sanding! Working our way through 220, 420, 600, 800, 1,000, 1,200, then to a final buff and polish with 2,000 and 3,000 grit compounds. The entire hull will have a super hard mirror like finish which we will then wax 7 times before laying up the hull mold on top of the plug. The hull mold will be completed in late April. Meanwhile, the C111 deck plug is beginning to take shape. TJI floor joists, which support the plug have been placed, and cutting/assembly will begin next week.

### New Features- from owner request & design review.

- Longer Hard Top over aft cockpit; the extra 2 feet will provide more shade and rain protection.
- Extra large Hull side Port lights; more light and ventilation
- 3 Frosted glass sky lights for natural light over traditionally dark areas in boats; each head and guest stateroom.
- OPTIONAL: Power Sun Roof on Sedan Model

C-111 - 38' Aspen

Schedule your personal tour with Nick & Larry: 206.948.5090.

## Certified Pre-Owned Program

We're proud to be the only boat manufacturer in the Northwest to offer a certified pre-owned program with a limited warranty. Only specifically identified, hand-selected, used boats have passed our rigorous inspection for certification. Our certified pre-owned program includes up to an "80 point assessment" depending on the boat model.

All used boats that qualify for the pre-owned certification are backed by our limited warranty. With this certification you'll know that your pre-owned boat will provide you and your family with reliable, worry-free enjoyment for years to come.

For your added peace of mind and convenience, ask a sales representative about additional extended warranty protection on our new and certified pre-owned boats.

Brunswick Product Protection: bow to stern w/engine and gear is \$7,295 for 5 years.

Feel free to browse our inventory of used boats and let us know if we can assist you in any way. If you are interested in a complimentary quote, trade evaluation or would like to schedule a viewing appointment, give us a call at 360.668.4347.

### Basic Agreement:

Aspen Power Catamarans inspects all your components and accessories to ensure you can find your way back home safely. The vessels are equipped with everything you need to enjoy your trip on the water. Aspen or our agent will provide dockside service at your marina for the first 3 months at our expense. There after, Aspen will cover all parts and labor but dockside transit expenses are not covered. If the boat is located outside Puget Sound, we will mutually agree to a local service provider and with your call Aspen will contact and manage the service at our expense. Aspen will provide parts and freight to the boat/service company. For complex projects, Aspen may send a team to the boat for service. In the rare instance the boat needs to return to the factory the cost of its return will be the responsibility of the owner.

With the purchase of a certified pre-owned boat, Aspen not only guarantees your boat works great on the inside, but also looks stunning on the outside. Every inspection includes the following checkpoints for your hull and deck:

- **General Condition**
- **Gel coat: stress fractures, blisters, and chalking.**
- **Glass: windows, screens, windshield and wipers**
- **Canvases**
- **Railings: rust and corrosion**
- **Bottom paint**
- **Windlass**
- **Swim platform and ladder**
- **Hatches and Latches**

Every Aspen is covered by our manufacturer's warranty and can be transferred to our certified pre-owned vessels at purchase.

## Certified Pre-Owned Vessels

### 2012 Aspen C90 Cruiser 183,900

Aristocat, is available now! Fully equipped charter vessel, owner needs room for new C111 38'. Recently serviced, has new zincs and bottom paint. Will not last at this price, come see Aristocat at the Spring Anacortes Boat Show.

## New 2014 Owners:

### A very warm welcome to our new owners...

**Dennis & Debbie Madsen, C100 "Vaka Ama"**  
Seattle, WA

The Madsen's come from a life long sailing background and owning an Aspen is their first power boat! They're excited to get out on the water and plan to take Vaka Ama into Northern British Columbia. In July, they also plan to join the other owners during the bi-annual owner's cruise to Desolation Sound. Dennis & Debbie are members of the Seattle Yacht Club, and frequent the many outstations around Puget Sound. Be sure to wave and say Hi, next time use see them on the dock. They'll love to tell you the meaning behind Vaka Ama!

**Steve & Betsy Keopp, C90 "Blueberry"**  
Everett, WA

The Keopp's have been boating for many years in Puget Sound, they began their boating career as sailor's then were proud owners of a Nordic Tug. With their grandchildren growing up and limited time they were in need of a quicker vessel that had similar qualities of their Tug. Steve & Betsy, are looking forward to many more years of boating aboard Blueberry, they recently mentioned, "We are definitely boat people- although it has been winter, these last six months being boat less was brutal!"

**Bob & Joyce Dollar, C90 "Catty Shack"**  
St. Petersburg, FL

The Dollar's took delivery of their new C90 back in February. Bob has recently retired and is looking forward to spending his days with Joyce between the golf course and the water! Not having much experience, Nick & Larry flew to Florida to personally train the Dollars with basic operation, and to also help them with their new boat lift. After 3 days of orientation, Bob & Joyce were ready for the high seas! This summer they plan to explore the coast south to Marcos Island.
