FACTORY DESCRIPTION

The C120 (42'6"/12/6 meters LOA) is a breath of fresh air for this size category. She is fast and maintains the much sought after efficiency. She also includes grand-sized areas in the salon, staterooms, heads and cockpit. It is the first boat in this category with 600 sq. ft. of deck and living space.

The C120 uses Aspen's patented award-winning hull design for ideal performance with a state-of-the-art Volvo D6. Design cruise speeds are 16-18 kts with a top speed of 20-23 kts, depending on the power (370-435hp). Fuel economy with the single 435 is 10 gph at 16 kts; 50-60% less than competitive boats. Your fun cruising range just doubled in a day!

The modern design starts in the salon with an amazing open window layout that brings the grand outdoors right to you. Enjoy Mother Nature in all of her glory with a 360 degree view from every seat! Each hull has a first class head with a shower and large vanity. Below the dinette is a queen size guest stateroom, complete with hanging locker, portlights, and reading lights. Below the galley is a 2nd guest stateroom with a twin bed, portlights, and reading lights. Forward is the absolutely grand, full width, King Island Master stateroom; unheard of in a 40'er. This stateroom includes port & starboard hanging lockers, drawer sets, starboard vanity.

Aspen C120 owners and guests can coastal cruise in complete comfort for weeks or months, effortlessly.
